BINA BUSINESS TRIP IN DUBAI AND DOHA

JANUARY 2025

On 25-30 January 2025, BINA conducted a successful business trip to Dubai, engaging with key stakeholders from different business sectors. The visit provided an opportunity to introduce BINA's business activities and explore potential partnerships for BINA and for BINA's partners: FEHA, PT Jakamitra Indonesia (a subsidiary company of PT Japfa Comfeed Indonesia Tbk), and Multindo Technology Europe. It also laid the groundwork for the upcoming economic mission in October 2025, which aims to connect Dutch and Indonesian companies with valuable business prospects in the region.
